Vægtfordeling - Fund & BM

EU Sustainable Finance Disclosure Regulation (SFDR) er et regulativ, der sigter mod at øge transparensen og sammenligneligheden for investorer om, hvordan virksomheder integrerer bæredygtighed i deres generelle processer.

En bæredygtig investering er i SFDR defineret som en investering der bidrager til et socialt- og/eller et miljømæssigt mål. En bæredygtig investering skal ifølge EU-lovgivningen bidrage til mindst ét mål uden at gøre væsentlig skade på de øvrige. Derudover skal de virksomheder, der investeres i, følge god ledelsespraksis.

EU Taksonomi

EU Taksonomien søger at fremme bæredygtighed og skabe ensartet rapportering af bæredygtighed i EU.
